

**For some reason,** we just aren't teaching our kids about money in school and sadly, they often don't learn about it at home either. A recent survey showed that parent's number one concern is not knowing enough to teach their kids how to grow

up to be financially savvy. That's where we come in! Camp Millionaire is an entertaining, principle-based approach to an otherwise taboo laden subject. **We make learning about money fun!**

*"They took a subject that I didn't want to look at and made it fun as well as informative." — Phoebe, Grownup Camp, 2004*

**This unique five-day** training is as much about 'how to teach' as it is 'what to teach'. We use **accelerated teaching techniques** to make sure the learning sticks! You will learn how to host your own Camp Millionaire programs in a variety of venues:

- Summer Camp for Kids/Teens
- Traditional School Environments
- Home School/After School Programs
- Weekend/Weekly programs
- Creative Wealth for Women/Adults

**Teaching our programs** will forever change the way you *and* your students think and make choices about money. Guaranteed!

*"I am thrilled I invested the money and time to attend this program. For the first time, I feel excited about the possibilities for investing." Grownup Camp, 2005*

*"Extremely motivational. This training showed me how to get out of my box." — Liliana, Atlanta Teacher Training 2006*

**This training program will change YOU forever! You will learn to teach kids and adults how to make, manage and multiply their financial resources in ways you never dreamed.**

*"ACCORDING TO THE JUMPSTART COALITION FOR PERSONAL FINANCIAL LITERACY, a group of 140 national organizations leading the financial literacy campaign, today's high school seniors know even less about personal finance than they did five years ago. Nearly 70% of the 4,024 12th graders surveyed in 2002 failed JumpStart's test of basic financial principles, up from the nearly 45% who failed the test in 1997."*
