

Creative Wealth Intl, LLC Program Promoter Guidelines

Would you like to help set up Creative Wealth programs in your area or state? Great! As of 2009, Creative Wealth Intl., LLC will be introducing a new marketing model; we will be partnering with people with a passion for the work that have event coordination and entrepreneurial skills but don't necessarily want to teach or lead their own programs.

In addition to licensing and training Creative Wealth Coaches around the US and globe who desire to offer and operate their own programs, we will be licensing the rights to people like you who wish to "promote" our youth and adult events around the US and Internationally.

Why are we doing this, you may be wondering? Because after years of offering six to eight kid's camps every summer and three to four adult programs each year and spending a fortune on advertising to get people into our programs, we realize we need help to realize our dream of spreading financial intelligence across the globe. What we have discovered works great, however, is when others put on their own programs and hire us and other Certified Creative Wealth Coaches to teach those programs.

It's important that you understand that this isn't about setting up programs FOR us; it's about setting up your OWN programs and contracting with us (and our many creative Wealth Coaches around the country) to come in and teach them on for you. Don't worry, we're going to help you every step of the way!

Let us give you examples of different programs that have worked beautifully:

1. A 3-hour family reunion even. Could be anywhere from 3 hours to 3 days
2. A 3-day Camp Millionaire program for a private foundation with 40 kids
3. A 5-day Camp Millionaire program for a country's employees' children with 30 kids.
4. Camp Millionaire program spread over 4-10 weeks (or more) in a former school environment (public, private, home school).
5. Mother/daughter program - 9 hours to 3 days.
6. Wealth Rules program (up to 200 kids) - 1 day to 3 days
7. Adult programs - 1 day to 3 day - for state, county or city employees, small to large businesses who want to provide value-packed employee benefit programs, nonprofit employee programs, tradeshow and conference programs, etc.

As you can see, the type of program we can do is virtually unlimited.

We offer programs from three hours to 5 days.

We can design program for ages 10 to 110.

We can design programs for women or men-only and coed and parent/child combination. (Note: depending on the group, some combinations work better than others! *Ex: mothers and daughters.*)

So, as you consider whether this opportunity is right for you, here are some questions:

Q1: Who do you know in existing businesses or organization (and maybe it's your own employer) that had a database or clientele already in place that would be interested in offering this amazing program to their employees, members, clients, customers, etc.? Think outside of the box here...

Q2: What experience do you have in promoting events, PR, etc.?

Q3: Who do you know that could help support you in organizing and putting on this event?

Q4: Imagine, just for a moment, that you put on your first financial education event, it's amazingly successful, people leaving hug you, thank you profusely, tell you how full of hope they are and how excited they are to start using the information and tools you just gave them. How do you feel (because this IS exactly what happens)?

We feel this way too!

If you've read all three downloads and you still want to jump on board and help us make a difference, then complete the following little form and fax it to us ASAP. Our schedule is already filling up but we want to make a difference in people's lives so much we'll do whatever it takes to help you put on your first amazingly successful event!

Your Name: _____ Company: _____

Contact Email: _____ Phone: _____

Area of interest (city, county, state, country): _____

Are you interested in _____ kids _____ teens _____ adults (women, men, coed)

Tell us a little about yourself and what you have in mind: _____

We're so excited about working with you. And the people we're about to touch together can't wait to meet us! Fax this form to 805-957-0125. We'll contact you immediately.
