

Creative Wealth International Financial Education Camp Promoter Guidelines

Would you like to help set up Creative Wealth financial camps in your area or state? Great! Creative Wealth wants to partner with people with a passion for teaching kids and teens (and the adults that love them) about money and investing.

The perfect people may have event coordination, marketing and promotion and skills but don't necessarily want to teach or lead their own programs. Or you may want to do it all. All the better!

In addition to licensing and training Creative Wealth Coaches around the US and globe who desire to offer and operate their own financial literacy programs, we license the rights to people like you who wish to “promote” our youth and adult events around the US and Internationally.

Why are we doing this, you may be wondering? Because we need help, YOUR help, to realize our dream of spreading financial intelligence across the globe.

In order to expand, we need other passionate people to host their own camps and programs and either hire us or other Certified Creative Wealth Coaches to teach those programs. And of course, it's perfectly perfect for you to put on and teach your own camps.

There are two basic options (and unlimited variations):

1. Set up your own Camp Millionaire, Moving Out for Teens or Money Game camps and hire us or another instructor to teach it for you, or teach it yourself.
2. Set up camps *for* us and we take care of the registrations, teaching, etc. and you take care of everything else. We will reimburse you for your time and effort with 10% of the gross receipts from the program.

And don't worry, we're going to help you every step of the way!

Here are a few examples of different programs that have worked well:

1. Regular 2-5 day summer camps for the entire community.
2. A 2-5 day program for a youth/church group organization.
3. A 3-hour family reunion event. Could be anywhere from 3 hours to 3 days
4. A Camp Millionaire program for a private foundation with 40 kids
5. A 5-day Camp Millionaire program for a country's employees' children with 30 kids.
6. Camp Millionaire program spread over 8-10 weeks in a school environment (public, private, home school).
7. Mother/daughter or father/son or entire family event - 9 hours to 3 days.
8. Wealth Rules program (100 200 kids) - 1 day to 3 days

9. Adult programs - 1 day to 3 day - for state, county or city employees, small to large businesses that want to provide value-packed employee benefit programs, nonprofit employee programs, tradeshow and conference programs, etc.

As you can see, the type of program we can do is virtually unlimited.

We offer programs from 3 hours to 5 days.

We can design a program for ages 10 to 110.

We can design programs for women or men-only and coed and parent/child combination. (Note: depending on the group, some combinations work better than others! *Ex: mothers and daughters.*)

So, as you consider whether this opportunity is right for you, here are some questions:

Q1: Who do you know in existing businesses or organization (and maybe it's your own business or employer) that has a database or clientele already in place that would be interested in offering this amazing program to their students, employees, members, clients, customers, etc.? Think outside of the box here...

Q2: What experience do you have in promoting events, PR, etc.?

Q3: Who could help support you in organizing and putting on events?

Q4: Imagine, just for a moment, that you put on your first financial education event, it's amazingly successful, people leaving hug you, thank you profusely, tell you how full of hope they are and how excited they are to start using the information and tools you just gave them. How do you feel (because this IS exactly what happens)?

We feel this way too!

If you want to jump on board and help us make a difference, please complete the following and fax it or email it to us ASAP. We want to make a difference in people's lives and we'll do whatever it takes to help you put on your first amazingly successful event!

Your Name: _____ Company: _____

Contact Email: _____ Phone: _____

Area of interest (city, county, state, country): _____

Are you interested in _____ kids _____ teens _____ adults (women, men, coed)

Tell us a little about yourself and what you have in mind: _____

We're so excited about working with you. And the people we're about to touch together can't wait to meet us! Fax this form to 888-408-1579 or email to Elisabeth@creativewealthintl.org.

We'll contact you immediately.
